

NATURALLY RELIEVES SYMPTOMS
OF BACTERIAL VAGINOSIS

Flourish™ Vaginal Care System

Good
clean love

30 days of Proactive Vaginal Hygiene

With BiopHresh™ Vaginal Homeopathic Suppository to relieve symptoms of bacterial vaginosis, vaginal dryness, and discomfort.

The Flourish™ Vaginal Care System is a monthly vaginal care system. It combines Balance, an aloe-based pH-balanced personal wash; Restore®, a patented, scientifically-advanced moisturizing vaginal gel; and BiopHresh®, a Bio-Matched® homeopathic suppository containing the most prevalent strains of vaginal lactobacilli.

BiopHresh® Vaginal Homeopathic Suppository relieves symptoms of bacterial vaginosis, vaginal dryness, and discomfort. Many common situations can disrupt an optimal vaginal ecosystem, which could benefit from the use of Restore®, Balance, and BiopHresh®. These include after menstruation, intimacy, and during or after travel or exercise. Flourish™ can also be used as a daily regimen for menopause relief. Recommended for daily intended use.

FEATURES OF THIS KIT
